

FACES OF LODO

MICHAEL VAN GILDER VAN GILDER INSURANCE

Van Gilder Insurance was formed in 1905 as a family-owned business. And in 2008, 4th generation CEO Michael Van Gilder looks forward to moving the company's headquarters to LoDo.

Van Gilder Insurance has grown from humble beginnings to become the largest independent insurance brokerage in the region with over 270 dedicated insurance professionals. LoDo, where the strong sense of community and transportation options create the perfect setting for a progressive and growing company, seems like a natural fit to Michael to locate Van Gilder's core offices.

Van Gilder made a huge splash in LoDo this holiday season by underwriting the LoDo Cares program with a generous \$5,000 donation and a 3-year commitment. And soon, they will be making a splash as anchor tenant at the new at 1616 Wynkoop Street building. Says Michael, "Van Gilder strives to be Colorado's most trusted risk consultancy. In doing so, we recognize the importance of working with our neighbors to build the heart of commerce in downtown Denver. This mission encompasses working with business, sports & entertainment, the hospitality industry, and those less fortunate. Van Gilder is proud to underwrite the LoDo Cares program and support LoDo's neighbors."
